

## During Covid

We are excited you're coming back. We wanna update you on what you can expect as you come back to Guatemala.

### Previous to the trip

- Before you come, be sure to get a COVID test. It can be a PCR test or a rapid Antigen test at any certified laboratory near you. It must be a Nasal Swab.
- Ensure to get your test within 72 hours of boarding your flight to Guatemala.
- Make sure your name appears on your COVID test as it does on your passport.
- Bring a **printed** copy of your COVID test to the airport.
- Highlight your name, the date you did the test, the type of test, and your negative result.
- As of January 10, 2022, the Guatemalan government also requires everyone flying into Guatemala to show their vaccine card with at least two shots. This may change at any time.

### Arriving in Guatemala

- Present your Vaccine Card and your COVID test to the medical staff receiving the flight.
- In spite of what the airline may say, everyone needs to fill out their own personal immigration form. It is not one per family.
- Go through immigration and pick up your baggage, as usual.
- Wait in the "hotel and rental car lobby" until all your team members are through customs with all their bags.
- Make contact with the Engadi personnel before walking outside.

### While in Guatemala

- Maintain social distancing by keeping 6 feet apart in all public areas. We know that is difficult when we are working on construction, but we have to comply with the government regulations as best we can.
- Always wear your mask in public places, otherwise you may be fined \$75 for not wearing it.
- On the bus we must ensure social distancing by staying at 75% of the vehicle's capacity.
- The use of hand sanitizer is recommended.
- Always wash your hands.

### At the team house

- Wash your hands in the restrooms in the garage before entering the house.
- Maintain social distancing at the team house to the best of our ability.
- We are taking all the necessary precautions to prepare the food properly.

### Extra things to bring:

- Extra face masks.
- Lots of hand sanitizer.

### Before your leave

- You will have to fill out this form before departing Guatemala. Printed copies are available at the Team House.  
<https://www.cdc.gov/quarantine/pdf/attachment-a-global-passenger-disclosure-attestation-2021-p.pdf>
- The day before you leave you'll take another mandatory COVID test. The required Covid test must be paid separately.

**We really appreciate your understanding during this challenging time.  
We look forward to seeing you!**
